

Maritime Program Group (MPG) is a specialty Program Administrator, with in-house underwriting experience dating back to 1990. MPG was formed when three niche marine insurance underwriting facilities – Maritime General Agency, Marine MGA, and Windward Marine Underwriters – consolidated into one powerful company. MPG focuses on protecting all types of marine assets, across every category of marine risk – Recreational Marine, Inland Marine, and Ocean Marine. In addition, we serve complex individual insurance needs through our Private Client Services. With over 60 employees in offices across the United States, our team is available to provide the service you need. [learn more](#)

## Our Products and Underwriting Programs.
