For Immediate Release: Extended Yacht Navigation for New Hampshire Insurance Company

Dear Brokers and Partners:

I'm excited to announce the expansion of our 12 month East Coast navigation warranty (#922) for the New Hampshire Insurance Company Yacht Program. The change is outlined as follows;

Existing Wording:

"Warranted confined to the use and navigation of coastal waters, and waters tributary thereto, of the Atlantic Ocean and Gulf of Mexico, including the Bahamas, from Eastport, ME to Pensacola FL, not south of Morehead City, NC, between June 30 and November 1."

New Wording

"Warranted confined to the use and navigation of coastal waters, and waters tributary thereto, of the Atlantic Ocean and Gulf of Mexico, including the Bahamas, from Eastport, ME to Pensacola FL, not south of Cumberland Island, GA, between June 30 and November 1."

This navigation enhancement will be added at no additional charge at renewal, mid-term by endorsement as requested, and is available for all new business effective immediately. Maritime General Agency continues to add and enhance coverage in an effort to provide our brokers with the best products and service available.

Please feel free to contact your yacht underwriter or marketing representative for additional information on the New Hampshire Insurance Company Yacht Program or any of our other marine products.

Sincerely,

Damon Pesce
