**For Immediate Release: Marine MGA Launches New WC Program for Marine Risks**

Dear Marine MGA Brokers and Partners:

I am very excited to announce that in conjunction with PMA Insurance Group, Marine MGA has developed a new Workers Compensation program specifically serving the unique needs of the recreational marine industry. This program allows us to provide more options to our brokers during these competitive times.

Our new Work Comp program is available immediately in all states and is not subject to any minimum premiums. Marine MGA does not entertain stand alone work comp submissions. Instead, we now write work comp to support accounts in which we write other lines of business for. Where as PMA is not a market for USL&H, we can apply the Federal Act in our program on an "if-any" basis when requested.

Marine MGA can write WC for the following classes of business through PMA:

- Marinas (including those with restaurant exposures)
- Boat Dealers
- Yacht Clubs
- Marine Artisans
- Marine Contractors (excluding dredging and pile driving)

PMA, rated A- (Excellent) by A.M. Best, is a national P&C carrier with a specialization in worker's compensation. Known for taking service to the next level, we have found them to be very flexible and competitive when test quoting against other markets.

For a work comp quote, send in your work comp ACORD to your appropriate Marine MGA underwriter today. All Marine MGA employee contact info can be found on our website. As always, please feel free to contact your underwriter or marketing representative if you have any questions regarding Marine MGA's work comp or other marine products we offer.

Sincerely,

Damon Pesce
